

LUBERR RADIAL PUMP

ABOUT LRA PUMP

The Luberr LRA (Luberr Radial Pumps) are designed to provide grease for lube points on industrial equipments. Luberr LRA pumps eliminates machinary downtime caused by poor lubrication as well as prolonging the life of machinaries.

Special features :

- Variable outlet points
- Metallic or plastic reservoir
- External Grease Fitting
- Follower or stirrer option

MOTOR SPECIFICATION

The Luberr Radial Pumps are coupled with 440 VAC 3 phase motor. Which provides 46 RPM by transmitting power through the worm gears. The shaft connected to the gear box rotates due to which the cam connected to the shaft also rotates thus it make the pumping units to actuate and grease is pumped out.

RIKKON GROUP OF COMPANIES

Pump Specification

Model : LRA pump (Luberr radial pump)
Stirrer or Follower

Motor : AC geared motor (440 V AC 3P / 230 V AC 1P)

Reservoir : Metallic reservoir / Plastic reservoir

Max . operating temperature : -30 to +55 deg C

Pump max. operating pressure : 350 Bar

Max. No. of outlets / pumping elements : 5-B1 model ,
8 -B2 model

Grease charging : Grease nipple with filter provided

Grease Charging inlet

The LRA (Luberr radial pumps) is provided with the grease carging inlet fitted with the grease nipple through which the clean grease can be charged into the pump.

Grease grade for LRA max. upto NLGI 2.

Pumping Unit

Pumping unit fitted with the LRA pumps are capable of delivering optimum grease to the required greasing points.

LRA pumps can have a max. of
5 pumping units for B1
8 Pumping units for B2

Pumping Unit specification

(SA 226)
0.2 cc / stroke

Mountng thread : M22 x 1.5p
Outlet thread : 1/4" BSP
Optional O/P thread : M10 x 1P

(SA 069)
0.35 cc / stroke

Metallic Reservoir (capacity available)

Capacity	Acrylic	Aluminum
8 Ltrs	Yes	NA
10 Ltrs	Yes	Yes
12 Ltrs	Yes	Yes
15 Ltrs	Yes	Yes
18 Ltrs	Yes	NA

Pressure Relief Valves

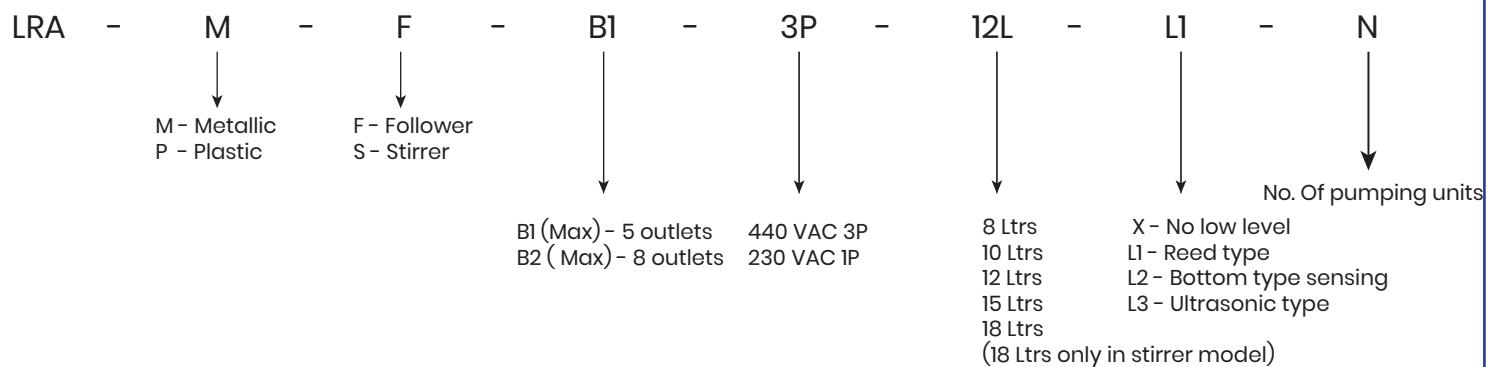

we offer 4 variety of pressure relief valves

150 Bar, 200 Bar, 250 Bar and 300 Bar

It will help the LRA pump from damaging the hoses and also ensures the LRA pump safety.
